

COLORIZE™ REPAIR KIT INSTRUCTIONS

LTR106

This product's intended use is for coloring over stains in vinyl, leather and fabric that will not come out after cleaning. Mix colors before using them.

For Leather & Vinyl Stains:

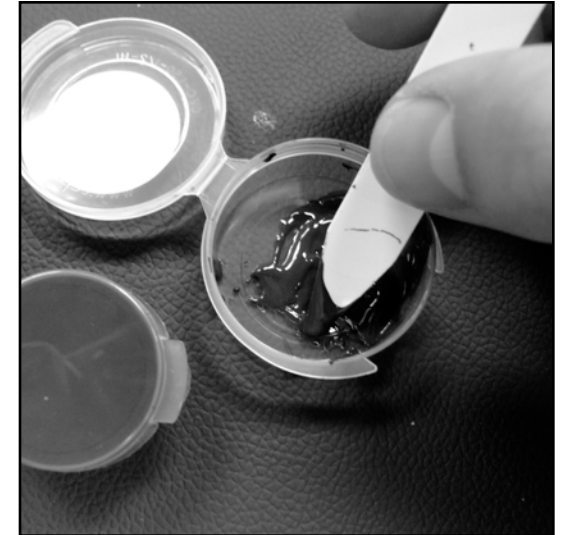

1. Using the Color Matching Guide to assist your selections, mix color in mixing cup. Add 1-3 drops of water, to slightly thin out color compound.
2. Apply with foam sponge over stain. Allow to dry.
3. It may take 2-3 applications to completely color over stain. Allow to dry between each application.

For Fabrics & Carpet:

1. Mix color in mixing cup. Add 4-6 drops of water to thin out color compound.
2. Apply with foam sponge over stain. Allow to dry.
3. It may take 3-4 coats to completely cover the stain. Allow to dry between each application.

Note: A dabbing motion is best to apply color.

Just mix...

...and Apply!
